Date	Record	Source
14 June 2026	A later request describes Paul Egan's response as saying that minutes from 1982 onwards were deposited with Glamorgan Archives in 2002 and citing FOIA section 21. The original 14 June message is not separately recovered.	GHF-E183 — Section 21 source-status anchor · GHF-E170

21 September 2026	FOI/EIR request for post-2002 records, photographs/images of any date and records of the 1982 transfer/deposit. The public text is a transcription based on the later quoted correspondence, not a recovered original sent-item file.	GHF-E183 — request transcription anchor · GHF-E170
28 September 2026	Chair Dr Mo Misra confirmed that the 21 September request had been passed to the Clerk for consideration. Public transcription; original email header time not stated.	GHF-E183 — Chair's reply anchor · GHF-E106-R54

13 October 2026, 01:07 UTC	First family email asking for an internal review; superseded by the later 03:25 UTC revision. The public Wayback copy is redacted for personal postal/email details.	GHF-E183 — superseded 01:07 UTC entry
13 October 2026, 03:25 UTC	Revised family email replacing the 01:07 UTC version. It seeks internal review, a separate new records request, a subject access response and meeting details. Personal remarks are not reproduced.	GHF-E183 — revised 03:25 UTC entry
13 October 2026, 20:09 UTC	The chronology records the Clerk's acknowledgement, a promise of a fuller response and the agenda for the Council meeting on 22 October 2026 at 19:00. 14 October 2026, 06:26 UTC	The chronology records a family reply thanking the Clerk and pointing to the Item 10 meeting toolkit. Source-status note; original message body not separately transcribed.	GHF-E183 — 06:26 UTC source-status anchor
14 October 2026, 07:10 UTC	The chronology records that the Clerk's agenda email was forwarded to a Vale of Glamorgan councillor. Source-status note; original forward body not separately transcribed.	GHF-E183 — 07:10 UTC agenda-forward source-status anchor

2.2 Interpretation

The 11 October response estimates 224 sets of minutes, at 20 minutes to read and 10 minutes to assess each. Those components total 6,720 minutes (112 hours) if both apply to every set. The letter instead states "over 2240 minutes", or 37 hours; that figure equals the assessment component alone.

The response does not separately state search outcomes for photographs/images or records of the 1982 transfer /deposit, and does not separately explain how the environmental-information aspect was assessed. These are omissions in the wording of the response, not a finding of legal breach.
