Chronology and catalogue links — assessed 10-10-2026: See the Institutional Involvement Roadmap (1877–2026) for the date-ordered institution, people and evidence sequence. The reported 1988 Cadw-to-Minister spot-listing letter has its own placeholder at GHF-E152; the original has not been attached to that page as at 10-10-2026. A placeholder records an evidence gap, not the letter's content or proof of misconduct.

2.1 Forensic Assessment — Cardiff Registration Service

Scope: civil-registration function only.

2.1.1 Role

The Service is relevant to identity and death-record chronology, including the date and identity of Mary Doreen (Nancy) Williams, formerly Buckler. It did not decide title, registration or possession.

2.1.2 Forensic control test

Confirm the exact civil-registration entry, registration district, date and any lawful correction/transfer history. Where historic records have moved between custodians, record the chain.

2.1.3 Current finding

No adverse finding is established. A death registration is corroborative identity evidence; it does not itself determine succession to land.

2.1.4 Human action

Complete the outstanding transferred-record request and preserve a certified/official copy where obtainable. Cross-check the date against the 1983 HMLR correspondence only after the primary record is fixed.

Acceptance: identity/death evidence is certified and entered into the standing/succession chronology.

2.2 Institutional appearance timeline — linked source index

Coverage rule: this is a chronological navigation map of published Wiki source pages found by searching the current site index for "Cardiff Registration Service". Every event label links directly to the page containing the source. It avoids duplicating source narratives. It records mention/appearance, not culpability. Dates are transcribed from page titles where available; "Date not explicit in title" means the linked source must be consulted. Search indexing is a discovery aid, not proof of exhaustive external coverage. [?]

Date shown by source title	Event / source — open evidence	Record class
Date not explicit in title	FOI & Public-Authority Reply Register — every reply email and its attachments	Published Wiki evidence page
Date not explicit in title	Anomalies Register — Lines of Enquiry	Published Wiki evidence page
Date not explicit in title	Records Access Chronology	Published Wiki evidence page

2.2.1 Records-access register appearances — direct row links

Rows below match the institution's name or an alias in the reply register's sender/reference or recorded description. A match shows an appearance in the records trail, not necessarily an act by this institution.

No matching reply-register row was found for this name/alias set. That is not evidence that no correspondence exists; broaden the alias search when new records are added. [?]
