2 Record

This material now lives at https://fcg.bucklerfamily.estate/case/dcms-forensic-institutional-review**.**

Page ID: 3104 · **Title:** Department for Culture, Media and Sport (DCMS) — Forensic Assessment · **Evidence status:** Not yet labelled — see the Editing Protocol · **Version:** 1.0.0 · Editing Protocol

Assessed 14 October 2026. Scope: modern records-access involvement only. DCMS appears in the record as a respondent to the family's information request about furniture, furnishings, heirlooms and other movable property. No historical role at the farm is asserted. Inclusion is not a finding of fault.

2.1 Documented appearances

Date	Appearance	Source
22 July 2026	FOI2026/06174: DCMS reports that no information is held. The family replied the same day that it was surprised.	GHF-E106-R29-A1
19 August 2026	Internal review IR2026/06711 upholds the nil return.	GHF-E106-R29-A2

2.2 Current finding

As at 14 October 2026, the material reviewed does not establish wrongdoing by DCMS. A nil return is a statement about what the department holds on the question asked. It does not show that no relevant record ever existed elsewhere, and it is not a finding about the 1988 events.

2.3 Forensic control test and next step

Check the exact scope of each request and the search described in each response against the museum-side responses (Amgueddfa Cymru, National Library of Wales). **Acceptance:** the question of who holds, or held, the movable property is routed to a named custodian or closed with a dated result.
