Chronology and catalogue links — assessed 10-10-2026: See the Institutional Involvement Roadmap (1877–2026) for the date-ordered institution, people and evidence sequence. Related heritage-file lead: GHF-E152 — reported Cadw letter to the Minister (1988; original awaited).

2.1 Forensic Assessment — Goldsworthy Homes

Scope: Goldsworthy Homes Ltd is assessed as a later development/landholding actor only. It is not merged with BP, Ideal Homes, Forest of Cardiff or the Council.

2.1.1 Established role

Vale planning records identify **Goldsworthy Homes Limited (company 03978270)** as applicant for land at Keepers

Cottage, Leckwith Road, Llandough, including an outline application for 21 apartments in 2002/03-era planning records. Other company records show the company is now dissolved. The project therefore needs to distinguish the later developer's exact parcel and transaction from the earlier BP/Ideal Homes chain.

2.1.2 Forensic control test

Identify the precise land, title number, acquisition date, conveyance, consideration and plan for any Goldsworthy acquisition connected with land formerly within the Great House Farm site. Establish what title documents and ownership certificates were supplied to the planning authority.

2.1.3 Current finding

As at 10-10-2026, the material reviewed does not establish wrongdoing by Goldsworthy Homes. This does not resolve all later title-description or planning questions. The developer record is potentially important because later transfers and planning representations may reveal how Parcel A/B land was described after the 1987 litigation.

2.1.4 Human action

Obtain the relevant planning file, title register and transfer, then compare the plan against the historical parcel map. Preserve the company-number identity so a dissolved entity is not conflated with another company bearing a similar name.

Acceptance: exact parcel, transaction and planning representation identified or a documented negative result recorded.

2.2 Institutional appearance timeline — linked source index

Coverage rule: this is a chronological navigation map of published Wiki source pages found by searching the current site index for "Goldsworthy Homes". Every event label links directly to the page containing the source. The page is intended to avoid duplicating source narratives. It records mention/appearance, not culpability. The displayed date is a source/title date cue, not automatically the date on which the named institution acted. This matters for newspaper stories, later summaries and titles naming more than one event; open the source before attributing an act. Search indexing is a discovery aid, not proof of exhaustive coverage. [?]

Source date cue (not necessarily institutional action date)	Event / source — open evidence	Record class
10 November 1994	GHF-E149 — 10 November 1994 transfer of the woodland to Forest of Cardiff (WA735527), with plan and consideration	Published Wiki evidence page
2005	GHF-E150 — 2005 Forest of Cardiff to Goldsworthy Homes transfer and excision from WA735527	Published Wiki evidence page

2.2.1 Records-access register appearances — direct row links

Rows below match the institution's name or an alias in the reply register's sender/reference or recorded description. A match shows an appearance in the records trail, not necessarily an act by this institution.

No matching reply-register row was found for this name/alias set. That is not evidence that no correspondence exists; broaden the alias search when new records are added. [?]

High-level Cedwyn Estate theory link: The Goldsworthy Homes transfer/excision is part of the successor-title test for the northern woodland. The exact polygon and date should be followed from the 1994 transaction into the 2005 dealing and present titles; if mapped documents establish continuity or an inconsistency, they may strengthen or narrow the Cedwyn Estate hypothesis. Read the Cedwyn Estate Working Theory.
