2 Record

This material now lives at https://fcg.bucklerfamily.estate/case/hmlr-independent-complaints-reviewer-forensic-institutional-review**.**

Page ID: 1579 · **Title:** HMLR Independent Complaints Reviewer — Forensic Assessment · **Evidence status:** Not yet labelled — see the Editing Protocol · **Version:** 1.0.0 · Editing Protocol

Chronology and catalogue links — assessed 10-10-2026: See the Institutional Involvement Roadmap (1877–2026) for the date-ordered institution, people and evidence sequence. The reported 1988 Cadw-to-Minister spot-listing letter has its own placeholder at GHF-E152; the original has not been attached to that page as at 10-10-2026. A placeholder records an evidence gap, not the letter's contents.

2.1 Forensic Assessment — HM Land Registry Independent Complaints Reviewer

Scope: the ICR's review function concerning HM Land Registry customer-service/complaint handling. It does not

determine title and is not an appeal court.

2.1.1 Current live issue

The ICR reference **ICR/090/26** is now a live execution item. The family must verify the precise six-month referral clock from the ICR acknowledgement; the project has provisionally treated late November 2026 as the outer deadline.

2.1.2 Forensic control test

The referral should identify whether HMLR's final complaint response adequately engaged with the newly documented registration-file chronology: WA240304, A13/DL, 12 May 1983 correspondence, 13 January 1984 A3/register, and 2 February 1987 amalgamation. It should distinguish complaint-handling failure from the underlying title merits.

2.1.3 Current finding

As at 10-10-2026, no wrongdoing by the Independent Complaints Reviewer is suggested or established in the material reviewed. This does not mean every current complaint issue has been resolved. The ICR is the current independent complaint-review route, not the forum to prove private title.

2.1.4 Human action

Submit the referral before the verified deadline, preserving the acknowledgement and complete evidence bundle. Ask for any procedural extension in writing if needed.

Acceptance: referral submitted and the ICR's accepted scope, date and outcome are logged.

2.2 Institutional appearance timeline — linked source index

Coverage rule: this is a chronological navigation map of published Wiki source pages found by searching the current site index for "HMLR Independent Complaints Reviewer". Every event label links directly to the page containing the source. The page is intended to avoid duplicating source narratives. It records mention/appearance, not culpability. The displayed date is a source/title date cue, not automatically the date on which the named institution acted. This matters for newspaper stories, later summaries and titles naming more than one event; open the source before attributing an act. Search indexing is a discovery aid, not proof of exhaustive coverage. [?]

Source date cue (not necessarily institutional action date)	Event / source — open evidence	Record class
Date not explicit in title	Source Conflicts Register — Where Public-Authority Replies and the Wiki Disagree	Published Wiki evidence page
Date not explicit in title	FOI & Public-Authority Reply Register — every reply email and its attachments	Published Wiki evidence page
Date not explicit in title	Records Access Chronology	Published Wiki evidence page

2.2.1 Records-access register appearances — direct row links

Rows below match the institution's name or an alias in the reply register's sender/reference or recorded description. A match shows an appearance in the records trail, not necessarily an act by this institution.

Date	Correspondence / register item (click to open)	Reading rule
29 Sep 2026	R08 — Independent Complaints Reviewer. ICR/090/26 (HM Land Registry).	Register row contains a name/alias match; inspect the linked row to distinguish sender, recipient and incidental mention.
