Chronology and catalogue links — assessed 10-10-2026: See the Institutional Involvement Roadmap (1877–2026) for the date-ordered institution, people and evidence sequence. The reported 1988 Cadw-to-Minister spot-listing letter has its own placeholder at GHF-E152; the original has not been attached to that page as at 10-10-2026. A placeholder records an evidence gap, not the letter's contents.

2.1 Forensic Assessment — Landmark Chambers

Scope: legal professional role only.

2.1.1 Role

Landmark Chambers is relevant to the present project as a potential source of specialist public/land-law expertise, not

as a historic actor in the Great House Farm events unless a concrete record establishes otherwise.

2.1.2 Forensic control test

Do not treat present legal research or advice as evidence of historic conduct. A chambers' role begins only when counsel is formally instructed and a defined opinion is commissioned.

2.1.3 Current finding

As at 10-10-2026, the material reviewed does not establish historic involvement or wrongdoing by this actor. This is not a universal finding of non-involvement; it reflects the sources identified on this page.

2.1.4 Human action

Approach specialist counsel only with the controlled solicitor brief and route-by-route questions. Require written scope, conflicts check, estimated costs and a defined deliverable before instruction.

Acceptance: counsel instruction either completed with scope/cost or declined for a recorded reason.

2.2 Institutional appearance timeline — linked source index

Coverage rule: this is a chronological navigation map of published Wiki source pages found by searching the current site index for "Landmark Chambers". Every event label links directly to the page containing the source. It avoids duplicating source narratives. It records mention/appearance, not culpability. The displayed date is a source/title date cue, not automatically the date on which the named institution acted. This matters for newspaper stories, later summaries and titles naming more than one event; open the source before attributing an act. Search indexing is a discovery aid, not proof of exhaustive coverage. [?]

2.2.1 Records-access register appearances — direct row links

Rows below match the institution's name or an alias in the reply register's sender/reference or recorded description. A match shows an appearance in the records trail, not necessarily an act by this institution.

29 Sep – 2 Oct 2026	R48 — Replies to the 28 Sep 2026 preservation notices	Register row contains a name/alias match; inspect the linked row to distinguish sender, recipient and incidental mention.
