Chronology and catalogue links — assessed 10-10-2026: See the Institutional Involvement Roadmap (1877–2026) for the date-ordered institution, people and evidence sequence. The reported 1988 Cadw-to-Minister spot-listing letter has its own placeholder at GHF-E152; the original has not been attached to that page as at 10-10-2026. A placeholder records an evidence gap, not the letter's content or proof of misconduct.

2.1 Forensic Assessment — Senedd Culture Committee

Scope: present democratic scrutiny/accountability only.

2.1.1 Role

The Senedd Culture Committee did not decide the 1988 listing/demolition case. Its potential role is present institutional scrutiny where a live Welsh public-policy or heritage issue falls within committee competence.

2.1.2 Control test

Any referral must distinguish private title litigation from systemic lessons about heritage protection, records preservation and public accountability. The Committee should not be asked to determine private ownership.

2.1.3 Current finding

No historic committee responsibility is established.

2.1.4 Human action

Use only after the current evidence/complaint routes have matured and a tightly framed public-policy question can be supported by the documented case record.

Acceptance: any submission has a defined policy question, evidence schedule and requested committee outcome.

2.2 Institutional appearance timeline — linked source index

Coverage rule: this is a chronological navigation map of published Wiki source pages found by searching the current site index for "Senedd Culture Committee". Every event label links directly to the page containing the source. It avoids duplicating source narratives. It records mention/appearance, not culpability. Dates are transcribed from page titles where available; "Date not explicit in title" means the linked source must be consulted. Search indexing is a discovery aid, not proof of exhaustive external coverage. [?]

Date shown by source title	Event / source — open evidence	Record class
Date not explicit in title	Source Conflicts Register — Where Public-Authority Replies and the Wiki Disagree	Published Wiki evidence page
Date not explicit in title	FOI & Public-Authority Reply Register — every reply email and its attachments	Published Wiki evidence page

2.2.1 Records-access register appearances — direct row links

Rows below match the institution's name or an alias in the reply register's sender/reference or recorded description. A match shows an appearance in the records trail, not necessarily an act by this institution.

No matching reply-register row was found for this name/alias set. That is not evidence that no correspondence exists; broaden the alias search when new records are added. [?]
