Entries A-096–A-105: added 8 October 2026. Each remains an open evidential issue, not a finding of wrongdoing.

Controlling family-case correction — 9 October 2026. The 1877 arrangement taking effect in 1928 is the family's established title case for the full Parcel A: farmhouse/buildings, barn, stable and west-side yard, garden, north forest and south-east ground later registered as VG41. Parcel B is the separate eastern fields. Mary (Nancy) Williams's c.1974 statement records the papers going missing in 1950–52 (Mary (Nancy) Williams testimony). [SOURCE PENDING] The 1949 permissive-occupancy attempt failed, and the 4 July 1955 enforcement of Parcel B also seized the Parcel-A north forest and south-east green under "whole farm" wording. A-100 is therefore a scope-and-consequence test of the reported 1955 seizure of the forest/green. The 1939 agreement/plan is already held and depicts Parcel B only. [?]

ID	Issue	Primary test	Status
A-096	**Property-description mutation chain**	Compare exact land description, plan, acreage and building inclusion in each material instrument from historic estate records through current titles.	Open — priority
A-097	**WA240304 title class**	Original 1983 register / item 10 and related application evidence.	Open — decisive
A-098	**13 January 1984 registration event**	A3 application, new register edition, surrounding correspondence and purpose of change.	Open — decisive
A-099	**1987 amalgamation effect**	2 February 1987 application, plan, requisitions, pre/post register editions and physical extent.	Open — decisive
A-100	**1955 wording and seizure; 1962 occupied-house proceedings**	Map the reported (SOURCE PENDING) 4 July 1955 seizure of the Parcel-A north forest and south-east VG41 ground during Parcel-B enforcement against the 1955 order/process records; read the 1962 farmhouse/garden claim as the remaining occupied house group, not the full Parcel A. Identify the formal authority and how later descriptions carried the conflation into the title chain.	Open — corroboration / title-consequence test
A-101	**Evidence before the 1984–87 court**	Pleadings, disclosure lists, trial bundle, BP's documentary holdings and named family members' testimony against later-recovered evidence.	Open — reopening threshold
A-102	**Authority / delegation chain**	Identify who requested, recommended, authorised, certified and executed each material step and under what authority.	Open — accountability
A-103	**Indemnity versus complaint route**	Separate qualifying register-mistake /indemnity analysis from the question whether HMLR staff acted negligently or maladministratively.	Open — remedy firewall
A-104	**Fresh current decisions**	Identify each 2026/27 disclosure, correction, alteration or complaint decision capable of providing a distinct current decision and clock.	Open — P2-C
A-105	**Remedy / loss decomposition**	Separate title, indemnity, damages, record correction, heritage recognition, artefact recovery and other heads to avoid double counting.	Open — counsel
