This page records the family's requests for records about Great House Farm from November 2025 to September 2026, and how each public body responded. It is drawn from the family's own email correspondence. Officials are identified

by role, not by name. Dates are when each email was sent or received.

It shows what it has taken to recover the evidence now in the Evidence Library: requests refused as "not held", records found but withheld as "out of scope", requests renumbered or proposed for closure, official email addresses that bounce, and files said to be "most likely destroyed" with no record of destruction. [?]

## 2.1 At a glance

| Body | What was asked for | Result so far |
|---|---|---|
| Amgueddfa Cymru – Museum Wales | Records of the 19th-century find in the farmhouse; farm contents; everything indexed to the farm | Two refusals ("not held"), both upheld on review. Records it had already found were released only after a new request number, 57 days after the first request. The third request (FOI 2026-036) was answered on 5 October 2026 with the Church Farm records, accession 63.24 (GHF-E106-R33; evidence A1, A2, A3). [?] |
| Cadw / Welsh Government | 1988 listing file and correspondence | Two 1988 photographs released. The rest "most likely destroyed", but no destruction record exists. Emails to Cadw's general addresses failed to deliver at least eight times. Formal complaint in progress. |
| HM Land Registry | First-registration files; correction of the register | Both complaint stages refused. Schedule of 43 file documents released after six months. The 1969 root deed is not on the file. |
| Vale of Glamorgan Council | Planning, heritage and council records | Partial disclosure. Three planning appendices missing. Several requests and a complaint still open. [?] |
| Royal Commission (RCAHMW) | Archive and accession records | Holds archive items but no accession data. A record for the site filed under the wrong place. Searches delayed by staff shortages. |
| Other archives and courts | Deeds, court files, minutes, case files | Mixed. Some bodies were helpful. Others redirected the request elsewhere, or treated a court-records request as a personal data request. |

## 2.2 6–7 October 2026: new Gmail-derived records updates

| Date | Body / source | Recorded position | Next step |
|---|---|---|---|
| 6 Oct | RCAHMW — RC26-0375 | Further searches completed; requests of 8, 15, 17 and 20 September now treated as fully answered. Information not withheld; remaining access routes addressed under s.21. | Order free scans of NMR 6048945, 6048943 and 6048941; see demolition archive detail. |
| 18 Sep (forwarded) | HM Land Registry / Stephen Doughty MP's office | HMLR replied to the MP; the MP's office says it is still awaiting the Ministry of Justice. | Retrieve and publish the identified **260900 – Letter to Stephen Doughty MP.pdf**. |
| 28–30 Sep | Vale of Glamorgan Registration Service | No death record for Mary Doreen (Nancy) Williams, formerly Buckler, found in the Vale; request transferred to Cardiff. | Follow up Cardiff's response. |
| 30 Sep | South Wales Police SAR | Identification accepted; further detail requested about the request concerning "the death of 2 individuals". | Keep SAR content private; provide clarification and log status only. |
| 1 Oct | NCTSO / WhatDoTheyKnow | Two responses posted; substantive text was not available to this update process. [?] | Read the public responses before recording their substance. |

| | | | |
|---|---|---|---|
| 29 Sep–2 Oct | Preservation notices | Replies logged from Linklaters, NLW, Warwick Modern Records Centre, ADS, Landmark Chambers and ITV clip sales. | Review Landmark reply; retain ADS DOI links; record ITV as no substantive reply. |

## 2.3 By organisation, in date order

**What it records:** the exchanges in the table below, from the family's copies.

| Date | From | What happened |
|---|---|---|
| 2 Jul 2026 | Family | Freedom of Information (FOI) request to Cardiff Council, copied to the Museum and others, for records of furniture and household contents from the farm. |
| 13 Jul | Museum | Asks whether the request was meant for the Museum as well. The family confirms the same day; it becomes **FOI 2026-020**. |
| 27 Jul | Family | **FOI 2026-024**: records of the reported find under the farmhouse dining-room floor (soldier, horse, visor, lance), its accession, reburial and any report. |
| 27 Jul | Museum | Acknowledged; reply due around 24 August. |
| 3 Aug | Museum | 2026-020: "not held" (FOI s.1(1)(a)). The family asks which systems and search terms were used. [?] |
| 14 Aug | Museum | Describes the searches, and says they found "some information relating generally to Great House Farm", which it treats as out of scope. The family requests an internal review. |
| 25 Aug | Museum | 2026-024 refused as "not held". The same letter says the searches found records of *other* archaeological discoveries at Great House Farm and Church Farm, withheld as "not in scope". (The Church Farm records were released on 5 October 2026: GHF-E106-R33-A1 to A3.) [?] |
| 26 Aug | Family | Asks for an internal review of 024: the search was limited to medieval armour, not the site. Asks for the records already found, including the recorded basis for calling them "unrelated" (item 7). |
| 26 Aug | Museum | Accepts the review, but puts the request for the already-found records on a new number, **FOI 2026-032**, due 23 September. |
| 8 Sep | Museum | Internal review of 2026-020 upheld: no furniture records; the few general records about the farm are out of scope. |
| 8 Sep | Family | **FOI 2026-036**: a full schedule of everything indexed to the farm, and earlier registers (1875–1915) for ironwork from the house, which published reports say the Museum holds. |
| 8 Sep | Museum | Proposes closing 032 and folding it into 036 "unless we hear to the contrary". |
| 8 Sep | Family | Objects: keep the review of 024, 032 and 036 separate. |
| 8 Sep | Museum | Agrees; 032 stays open. |
| 22 Sep, 10:24 | Museum | Review of 024 upheld. The site search was "reasonable"; broader terms such as horse, burial and skeleton would be "disproportionate". |

| | | |
|---|---|---|
| 22 Sep, 11:42 | Museum | **2026-032 disclosed**: Portable Antiquities Scheme spreadsheets and links to published 1994 cemetery papers, with personal data redacted. Not answered: item 7, the basis for "unrelated". The pack includes a record for a different Great House Farm, at Llandough near Cowbridge. |
| 22 Sep | Family | Thanks the Museum, points out item 7 is still unanswered, and asks for the 036 date. |
| 28 Sep | Museum | Says a response to 2026-036 is aimed for 6 October (R17). |
| 5 Oct, 14:04 | Museum | **2026-036 answered** (GHF-E106-R33). Two further records reported under the farm's names, **neither yet shown to be this farm**: Ref 13.2, a waterwheel collected from *Llandough Farm* (a separate farmstead) on 1 April 1979, never accessioned and since deaccessioned; and MS 3360/3, the 1924 "Llandough Estate" sale particulars with a page headed Great House Farm (already supplied under 032), which may be the Great House Farm at Llandough near Cowbridge. Both are marked location unconfirmed: see the R33 location check and The Two Parcels. For Church Farm, accession 63.24, with three attachments: a letter of 22 November 1931 (A1) and the records for a medieval rowel spur (A2) and spearhead (A3), recorded as found at Llandough Church Farm about 1858. No 1875–1915 register entry and no further ironwork from the farmhouse floor, rear wing or dairy identified. [?] |

**Research note.** Folding 032 into 036, as the Museum proposed on 8 September, would have restarted the clock on records found in August.

**What it records:** the exchanges in the table below, from the family's copies.

| Date | From | What happened |
|---|---|---|
| 23 Jan 2026 | Family | FOI request to cadw@gov.wales and foi@gov.wales. **Both addresses bounce** ("address not found"). [?] |
| 6 Feb | Family | Report to Cadw's scheduled monuments team. |
| 25 Feb | Cadw | Most of the concerns are outside Cadw's remit. No designated assets are recorded. Points to the Royal Commission, Heneb and the Vale council. |
| 9 & 17 May | Family | Further emails; **cadw@gov.wales bounces again**, as do two ministerial addresses. |
| 21 May | Cadw Listed Buildings | The farm and barn were assessed and **rejected for listing** in the 1988 survey. Two photographs dated 29 July 1988 are released; their "YYY" code means "marginally below the bar". No other electronic records. Paper files are "quite likely" destroyed; a search is promised. |
| 1 Jun | Family | Formal FOI request, **ATISN 27021**: eight categories of listing records. |
| 11 Jun | Cadw | Response: the two photographs and a 1990 archaeological report. The family requests an internal review the same day. |
| 2 & 10 Jul | Cadw review | The 1988 file has "most likely" been destroyed. **No destruction record exists**; the statement rests on a records officer's experience. Only the two photographs survive. |
| 29 Jul | Cadw review | No further information; the family may complain to the Information Commissioner. [?] |
| 10–14 Aug | Family | Sends a report on Cadw's handling; acknowledged. |

| | | |
|---|---|---|
| 27 Aug | Cadw Chief Inspector | Everything held has been released. Cadw cannot say what its retention arrangements were 38 years ago. |
| 29 Aug | Family | Follow-up; **cadw@gov.wales bounces again**. |
| 4 Sep | Cadw Chief Inspector | Nothing further to add; refers the family to the Welsh Government complaints process. |
| 17 Sep | Family | Formal stage-one complaint sent to cadw@gov.wales: **blocked**. Cadw's public enquiry line forwards it to the complaints manager on 18 September. |
| 20 & 22 Sep | Family | Complaint re-served directly on the Chief Inspector, then a supplement. |

**Emails to Cadw's general addresses (cadw@gov.wales and its old wales.gsi.gov.uk address) failed to deliver at least eight times** between January and September 2026. See also 1988: Possession and demolition.

**What it records:** the family's correspondence with The National Archives about the existence, provenance, transfer, retention, destruction or disposal of records relating to Great House Farm / Tŷ Mawr, associated companies, litigation, central-government records, the National Farm Survey and the Glamorgan War Agricultural Executive Committee.

| Period / date | From | What happened |
|---|---|---|
| 18 Feb–3 Mar 2026 | The National Archives | Initial response: no relevant records identified from the limited search described; the Manorial Documents Register return for the Manor of Llandough (HMC9/311) was identified. |
| 13 Aug 2026 | Family | Asked TNA to reconsider the scope: the enquiry deliberately named corporate bodies, litigation, registration, campaign, demolition, Cadw, ECHR and archival-transfer issues rather than relying only on property-name keyword searches. |
| 20 Aug 2026 | Family | Expanded the request to Glamorgan War Agricultural Executive Committee / War Ag and National Farm Survey material, including possession, requisition and compensation records. |
| 2 Sep 2026 | Family | Clarified that the request concerned recorded information about existence, transfer, retention, destruction or disposal, plus National Farm Survey and CWAEC records, rather than an open-ended research exercise. |
| **23 Sep 2026** | **The National Archives** | **Following the broader search, TNA identified an open judicial record, transfer paperwork, release schedules and a manifest; it also identified the National Farm Survey and Glamorgan Agricultural Executive Committee records as relevant archival collections.** |

### 2.3.1 What the later search identified

- **Judicial Papers A-C 1-63** — House of Lords as court of appeal, connected with BP Properties Ltd v Buckler. TNA catalogue record →

- **YHL/PO/JO/10/11/2536 transfer paperwork** — TNA confirms it holds transfer documentation for the judicial series.
- **Release Schedule: On Discovery** — records a release date of 20 May 2026.
- **Release Schedule: High Level Delivery Schedule** — records the planned May release.
- **Collect 27 Series 11 Spreadsheet: Manifest** — manifest received from the Parliamentary Archives.
- **National Farm Survey, 1941–43** — TNA says records of the farm are likely to exist in this series, although the records cannot all currently be searched online by farm name.
- **Glamorgan Agricultural Executive Committee / War Ag** — TNA confirms that minutes and papers for Glamorgan exist, but a farm-name search would require archival research beyond the online catalogue.
- **Manorial Documents Register, HMC9/311** — TNA identifies the Llandough manor return and confirms the underlying records are held at other repositories, not TNA.

**The MOD states that its searches across MOD… … read more**

The MOD states that its searches across MOD archives and targeted searches in the Army Secretariat and Counterterrorism and United Kingdom branches did not locate information matching the request. Separately, it neither confirms nor denies whether it holds Special Forces-related information under FOIA 2000, section 23(5). The review acknowledges delay and concludes that timeliness requirements were not met, without clearly identifying in its concluding paragraph which stage caused that finding. It says personal-information elements were referred for a separate subject access process.

**Interpretive control: this is a dated record… … read more**

**Interpretive control:** this is a dated record of the MOD's statement, not proof that relevant historical records never existed or that military personnel were or were not involved. Keep FOI2026/09190 distinct from FOI2026/09019 unless the MOD confirms a relationship. Do not mark the subject access strand complete until its reference and substantive outcome are recorded.
